## **Dramatic Genres** **By Chris O'Carroll**

Tragedy ends in death, they taught,  
While comedy ends in sex.  
Comedy *starts* with sex, I'd have thought.  
The subject gets way complex.  
Shakespeare sometimes tangles his plays  
Where one genre intersects  
Another. His characters' numbered days  
As they hook up in elaborate ways  
Continue to win him a few hoorays.
