Truth

By Ted Richer

1.

Outside the House of Learning—

...

I said to Sol:

...

what does it mean

...

when they say

...

that Truth goes all over the world

2.

Inside the House of Learning—

...

Sol said to me:

...

it means that Truth

...

is driven out of one place

...

after another

...

and must wander

...

like them

...

on and on

...

all over the world
